When your passion meets the right opportunity, your efforts will bear the fruits of success! That best opportunity, any CSIR aspirant can have, is Life Science Academy, the epitome of knowledge and excellence. Enriched by exceptionally versatile and dedicated faculties, who carve out the best in you with their excellent and updated classes. Very productive and amiable atmosphere with effective group discussions. Well-equipped library and hostel facilities. Prepares you ahead with timely revisions and numerous sets of mock tests, both offline and online, for better practice. Personally, LSA is not just a coaching centre for me, but a family that I cherish the most. It has played an irreplaceable role in my life, with an immense support and encouragement from my beloved teachers and dear friends, moulding me into a Life Science student with better clarity of concepts and valuable insights. So, from my experience, I can undoubtedly vouch for LSA with a genuine heart, as the No.1 coaching centre for Life Science. Well, always, 'Actions speak louder than words'. So, it is very evident from the past results of LSA, on cracking not only CSIR, but also numerous other competitive exams like DBT, TIFR, GATE, ICAR, KSCSTE and bagging many fellowships. So, if you are desperately wishing to have a turning point in your career, then LSA is the best platform to make your dream into a reality! Come and seize your opportunity, be a part of LSA's unmatched journey of success and pass out with flying colours!

"When we are dreaming alone it is only a dream. When we are dreaming with others, it is the beginning of reality"- Yoko Ono. There are some people we meet at the turning points of life. Those who lead the way forward, support and strengthen us. Those who stand together to make dreams come true. Here I got a family who stand with me and support me, LSA. LSA is quite a different spot. The stress-free and friendly learning atmosphere that one can feel here rewrites the old concepts regarding coaching institutes. Interactive lecture classes, frequent group discussions, informative revision sections and a series of mock tests create a platform for learning the subject by clearing the concepts instead of byhearting and make students perfect to approach the exams with confidence. In the classrooms and hostels, LSA always tries to keep a very healthy atmosphere for learning. Remembering the quote, "It's the teacher that makes the

difference, not the classroom". The immense support, motivation and care given by teachers and staff give a feeling that it is a family. LSA teaches us to grow together. Sometimes words may not be perfect for some expressions of gratitude. Anyway, Thank you LSA
